Our courses are principally aimed at an intensive study of baroque chamber music, with individual lessons for solo singers and instrumentalists as well as already constituted small ensembles, either vocal, instrumental, or a mixture of both. Special attention is given to students already enrolled in music schools.

Participation

Instrumental soloists will be encouraged to work closely with singers in a variety of combinations. The more accomplished students will be chosen by the faculty to appear in the final concert. This event may possibly be repeated in other venues in Italy.

Auditors will be free to attend all the classes offered by the course. A certificate of attendance will be given to all participants.
